Local search geo-grid tracking	Not included	Monthly: 7 × 7 grid, up to 3 search terms
Quarterly profile review and refresh	Included	Included
Quarterly personalized video review	Not included	Included
Email support	Standard	Priority

Your first month

Both packages begin with a review and optimization of your existing Google Business Profile, followed by the ongoing services in your chosen package. Your first monthly report includes a concise before-and-after summary of improvements completed, observations and recommended next steps. No separate setup fee applies.

How updates and photos work

We invite you to submit changes, offers and new photos through a monthly update form. Suitable photos may be scheduled across the month rather than published all at once. Pro photo submissions are processed monthly; Premium submissions are processed every two weeks. Publishing depends on the material supplied and Google approval. Urgent factual corrections (such as incorrect business hours or contact details) can be raised as needed and are prioritized outside the routine batch.

What is included — and what is not

Included: reasonable routine edits to existing profile information, services and photos; planned Google Business Profile posts; review monitoring and replies within the package allowance; scheduled checks, reporting and quarterly profile refreshes.

Not included: social media or newsletter creation/scheduling; paid advertising; website SEO or website changes; backlink or directory campaigns; new photography; bulk data entry or extensive catalog rebuilds; complex Google account recovery, suspension appeals or verification issues; guaranteed rankings, leads or sales; unlimited ad hoc marketing work.

Service boundaries and practical details

Review-response allowances are maximums, not promised quantities. Routine responses are handled in scheduled batches, not in real time. We may flag sensitive or serious negative reviews for your input before responding. Larger projects, unusually high volumes or work outside the agreed scope may require a separate quote. Client access, accurate information and necessary approvals are required for delivery.

Reports and your client files

Monthly reports are delivered by email, with a copy available in your designated Google Drive client folder. The folder can also be used to supply suitable photos. Premium quarterly video reviews are shared through the same client reporting process.

US service terms and policies

These plans are offered to businesses in the United States by Miss K Local, an Australia-based business delivering Google Business Profile management remotely. All prices shown in this guide are in US dollars (USD) and are billed monthly.

This guide describes service inclusions and exclusions. Please also review our Terms and Conditions and Refunds and Cancellations Policy for subscription, cancellation and service arrangements. Our Privacy Policy explains how personal information is handled.

Subscriptions are month-to-month, without a fixed-term commitment. Cancellation and refund arrangements are subject to the applicable policies and law. Any applicable taxes and final charges should be checked at checkout.
